

## Birthday Delivery Card Stack

### You provide:

143660 Birthday Delivery stamp set  
143658 Birthday Friends Framelits  
140931 Basic Black ink pad  
118489 "G" Clear Block  
118485 "D" Clear Block  
143263 Big Shot

### Customer brings:

103579 Paper snips  
126889 Paper cutter  
Adhesive of choice

### Class includes:

144119 Birthday Memories cardstock pack  
144118 Birthday Memories Designer Series Paper  
104430 Stampin' Dimensionals (1/3 of a package)

Cut 2 of each color of card stock to 8 ½ x 8". Score at 4" to fold the card in half.

Trim the left over pieces of cardstock to 3 x 8 1/4".

Cut the gold background paper to 8 ½ x 2". (You can get 7 from one sheet if you cut the 8 ½ " length first.)

Trim the "Parade" piece of DSP to 2 ¾ x 8". Keep in mind that you want to center each animal and not cut anyone in half. (You should be able to get 4 panels from each 12 x 12 piece.

Using the Framelits cut out balloons and gifts from the DSP. You can also hand cut some of the presents.

Stamp and assemble all of your cut cardstock following the card samples. Use dimensionals to pop up the presents and balloons.

\*\*\*It will cost you \$20.33 (plus shipping and tax) per customer for their supplies. I would charge \$25. if they are cutting their own card stock. I would upcharge for the class if you are going to do all of the prep.
